Your ATA Library

Books and Beyond!

The ATA library has a fabulous collection of **over 13,000 books** in English and French, and provides access to **two online databases** that are full of articles for your professional development and research needs.

Our collections are available to you online 24 hours a day, 7 days a week. You can search the catalogue, reserve items or print articles whenever it fits your schedule.

We also offer **bilingual information support services** for all your professional information needs. Whether you require help with a database search, a website or a search engine, we are here to help!

Your Library Catalogue

To use our library catalogue, visit the ATA Website (<http://www.teachers.ab.ca>).

- hover over **Publications**
- select **ATA Library**
- click on **Search Library Catalogue**

To reserve an item so it will be shipped out to you, do a search in our catalogue then click on the **Copies** button for the title you want to borrow (on right side of your screen). In the next screen, click on the **Reserve** button . Enter in your name and your **Library ID** number.

If you need assistance locating information in our catalogue or if you need to be set up for a Library Number, please contact **our friendly library staff!**

Loan Periods

You can borrow books for a period of **one month**, renewable for one month unless the book is requested by another member.

You can borrow videos for **one week**. Videos are renewable for one week, but because of the high demand for these materials, we may not be able to accommodate all renewal requests.

Accessing Your Library Databases

You must log in to the ATA website to access the two journal databases. If you have not set up your login ID, click **Login** on the ATA homepage (www.teachers.ab.ca). Then select **Request Username** and follow the instructions.

After you log in, select the **Journal Articles Online** link on the right side of the page (under Your ATA Tools). Choose the database you wish to use. Both databases will provide you with full-text access to thousands of articles on a wide variety of topics related to teaching and education.

Surfing the Information Wave

Overwhelmed by the information tsunami that results whenever you do a Web search? Feel dread when you have to look something up?

Our library team are **expert searchers** who can help you navigate the information seas. We are your online surfing coaches. Call us anytime during office hours.
